MIN 312/2018: County Councillor Richard Welch: Fixed Plastic Bollards, map of the layby. The Council discussed with County Councillor Richard Welch where the Langcliffe sign should go. The Langcliffe sign used to be by the layby but Langcliffe does start at Barrel Sykes, so really the sign should be down there.

Fairhurst Stoneyard – The Clerk asked Carl Lis and the enforcement officer Nicola Dinsdale to come to a meeting, but they said there wasn't much point in coming to discuss the matters that the Council had concerns with. The Council discussed all the issues with Fairhurst Stoneyard with County Councillor Richard Welch again.

District Councillor David Staveley; Advised the Council that he is Vice Chair of a special planning committee, discussing the local plan and the implications for housing. Part of the local plan has Barrel Sykes marked for development. District Councillor David Staveley also said that loneliness has been identified in Settle and the surrounding area. DC DS had forwarded an email regarding the Blue Recycle Bins and plant pots. Plant pots can't be recycled.

The New Industrial estate: there is a detailed plan and outlined access. Detailed submission into next year. 18 house development and low-cost housing. It is a legal requirement for low cost housing.

MIN 313/2018: Matters arising:

- Fountain/War Memorial:** The Clerk received the report from the Surveyor. The Clerk has sent the report round to all the Councillors for them to read through. The Surveyor said that he has some Roman sets that he would be willing for the Council to have. The Roman sets will need fitting in the ground, they may not fit properly and may not be able to be resized. The Chairman has asked for 3 quotes for the work from the Surveyor's report. _
- Fairhurst Stone Yard:** Fairhurst Stoneyard was discussed earlier with the County Councillor and District Councillor. Cllr Helen Jarvis has collated all the evidence about Fairhurst Stoneyard and has written a letter to Mr Fairhurst. Cllr HJ has sent the report and letter to all the Councillors to check and when the Councillors are happy with it then the Clerk will send the letter and wait for a reply and then send the report to all the authorities.
- Paving Stones round Stocks Tree:** The paving stones are done and have been put in. A resident has commented that they look very new. The wall round Stocks Tree may need repointing in the future and should be budgeted for next year. There is a hole in front on the Tree on the road that needs fixing by the Highways. The Clerk is to report it to the Highways.
